

Digital Commerce Bank

Card Management Program

Digital Commerce Bank (“DCBank”) is a Canadian Chartered Schedule 1 Bank focused on the **evolution of digital payments** in Canada. Our Card Management Program enables corporations to directly offer bespoke branded Visa, MasterCard and Interac cards. Grow your business with the unique **turnkey services** of DCBank in the FinTech market.

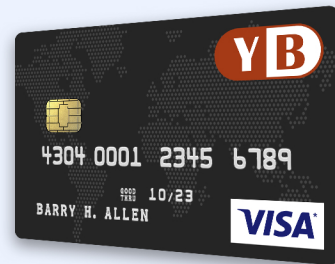

BIN sponsorship

Get sponsored BIN access to the MasterCard, Visa, and Interac networks. Open up new market segments reducing cost and time.

Card on Demand

DCBank caters to your specific requirements regardless of your program size. Decrease inventory and storage cost by printing cards as needed.

White Labeling

Reinforce your brand’s identity, create brand awareness and loyalty with white-label options and a customizable card design.

KYC services

Integrate identity management solutions to adhere to regulatory compliance requirements using DCBank’s KYC platform.

Complement these services with our proprietary Loan Origination and Management Software* (LOS/LMS) to effortlessly on-board and manage your new/existing loan or credit business. Consider DCBank as **your one-stop-shop** for corporate digital payments, while you focus on developing your business.

*The LOS/LMS is software as a service. DCBank does not provide any credit or lending.
