

DCBank is a technology-driven **chartered Canadian bank** focused on fully customizable Banking-as-a-Service solutions for corporations.

Direct Deposit Tracking is a technology solution that allows your business to create a mapping system to **automate transfers and deposits**. The system uses a unique number acting as a sub-ledger for your corporate account, and streamlines your account receivables, increasing your **financial productivity**.

*Direct Deposit Tracking is a deposit segregation and reporting solution. Wire transactions not supported.

DCBank's Direct Deposit Tracking program allows your business to **automate reconciliation** of incoming payments, especially useful for businesses with multiple incoming payment streams. Consider adding this **unique and effective** service to your financial toolkit, especially if your company is engaged in e-commerce, insurance, manufacturing, accounting, etc.
